DENTAL BENEFITS**

Procedures Applicable to Dental Benefit Claims

A fully itemized claim must be submitted, on a standard dental claim form, for it to be considered a completed dental claim under this Plan. The form should contain: the participant's name, patient's name, signature of participant/dependent, patient's date of birth, participant's ID number, date of service, Federal Taxpayer Identification (TIN) and National Provider Identifier (NPI) number of the provider, provider's billing name and address, provider's billed charges, with corresponding treatment rendered stating: the tooth number(s) and/or quadrant(s), identification of tooth surfaces to be restored, and CDT-4 Coding (A.D.A. Procedure codes) for each service rendered. Also, a current coordination of benefits form must be on file at the Fund Office.

If the participant is to be reimbursed due to services rendered outside the participating panel, the participant will need to include the claim form above, but also proof of payment for rendered services.

All claims should be submitted to the Fund Office at:
